Signing by Denmark of the Protocol, therefore does not necessarily mean that Danish ratification will in due course include the Faroe Islands and Greenland.”

Moreover the European Community declares that it has already adopted legal instruments, including Directive 2001/42/EC of the European Parliament and the Council concerning the assessment of the effects of certain plans and programmes on the environment, binding on its Member States, covering matters governed by this Protocol, and will submit and update, as appropriate, a list of those
